Alcohol Policy

The Polaris Grill will place and handle all client alcohol orders for beer, wine and liquor through a licensed vendor. Prices quoted for alcohol by Quest staff are estimates only. Since state pricing can fluctuate, the final cost may vary. Generally, price increases do not exceed more than 10%.

The client will need to provide Quest with a credit card for the full amount of the alcohol order, a minimum of three (3) business days prior to the event. A receipt from the Polaris Grill will be sent after the card has been charged.

Clients may also assume the responsibility to purchase and bring their own alcohol onto the premises. A signed liability waiver and a certificate of insurance showing coverage for liquor liability will be required prior to placing the order for the alcohol. Even if the client opts to bring in their own alcohol, Quest can still provide ice, beverage cups/glasses and other set-up needs for an additional charge.

Cash bars at Quest are prohibited under Ohio Liquor Laws, including providing your guests with “drink tickets”. The State of Ohio views drink tickets as a cash purchase for the alcohol.
